Status: 11/13/2026

Ozerna Special

Special detergent without optical brighteners

Properties

- particularly suitable for colored restaurant and work laundry
- is effective against protein, grease and starch stains
- can be ideally combined with all common oxygen bleaching agents
- effective at temperatures of 30 - 90 °C

Application

Ozerna Special does not contain any optical brighteners or bleaching agents and has therefore been specially developed for colored laundry. Due to the balanced combination of enzymes and surfactants, Ozerna Special removes stubborn stains; both protein and starch stains, as well as grease stains, such as on colored restaurant laundry.

Dosing	Degree of contamination		
Water hardness	light	middle	heavy
0 - 8.4	8	10	15
8.5 - 14	10	14	20
> 14	12	18	25

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Technical data

pH-value	Bulk weight
12,1 ; 1 %	950 kg / m³

Notes

Store the product only in its original container and protected from frost.
After partial quantities have been removed, the container should be closed again.
