

Lizerna Extreme

Highly concentrated fat remover

Properties

- dissolves extreme soiling
- suitable for various types of laundry
- effective from 30°C
- versatile use as an emulsifier, wetting agent and washing power booster in all washing systems

Application

Lizerna Extreme is a highly efficient degreaser that removes a wide range of stains, especially at low temperatures. It removes both native and synthetic oils and greases and also dissolves heavily pigmented stains. Lizerna Extreme produces brilliant colors after application.

The product can be added manually or via typical laundry liquid dosing systems.

It is suitable both for pre-washing and as an additive in the main wash in the case of extreme soiling.

The recommended dosage depends on the application. When using as a grease remover or washing power booster, please refer to the dosing table.

Dosing	Degree of contamination		
	Water hardness	light	middle
0 - 8.4	2	3	4
8.5 - 14	3	4	5
> 14	4	5	6

The application quantity refers to g / kg dry laundry.
You can find out the degree of hardness or water hardness in degrees of German hardness from your local water company.

Dosing

Wetting agent	
Concentration	0,2 - 1,5 ml / kg dry wash

Emulsifier for laundry with a high oil and pigment load	
Concentration	6 - 15 ml / kg dry wash

Technical data

Density (20°C)	pH-value
1,02 kg / l	11,4

Notes

Store the product only in the original container and frost-free.
Direct sunlight should be avoided.
After removing partial quantities, the container should be resealed.
