

Lavenium TW

Carpet detergent

Properties

- with outstanding soil suspending properties
- with active color protection
- contains no bleaching agents or optical brighteners
- with moisturizing properties

Application

Lavenium TW can be mixed with cold water at will. Special additives ensure color protection and the replenishment of fat. Its medium foaming capacity facilitates a localized treatment without leading to foam problems during the carpet washing process.

Lavenium TW is insensitive to water hardness and is suitable for all common carpet washing processes.

Furthermore, Lavenium TW can be used for the manual treatment of oriental carpets using a single-disc or multi-disc machine, a carpet washing line, washing skids, etc.

Dosing

Carpet washing

Concentration	1 - 3 ml / l water
Temperature	20 - 30 °C

Technical data

Density (20°C)	pH-value
1,03 kg / l	7,0 - 8,0

Notes

Store the product in its original container.

Storage should be frost-proof, although the solidified products can be used again after thawing without any loss of quality.
